Darwin Tulips

A splendid May-flowering type, bearing large globular flowers, very brilliant in color, on exceedingly tall stems. They are the most popular of all the Tulip family and produce a most beautiful effect when planted in groups of solid colors. Also very valuable as a cut flower, as they last a long time in water.

CULTURAL DIRECTIONS

While tulips grow well in any garden soil they respond to good treatment. An application of well rotted manure or bonemeal will more than repay itself, producing much stronger and larger flowers. Plant bulbs 6 inches apart each way and 5 inches deep, (to the bottom of the bulb). A covering of straw or leaves is very beneficial. Plant before ground is frozen. Prices net; postage extra. 10 bulbs weigh 1 lb.

Ariadne. Brilliant rosy crimson, with a blue base. A large flower of great substance and one of the finest for outdoors. Height 28 inches. 80c per doz.; \$6.00 per 100.

Baronne de la Tonnay. Bright rose, margined blush rose. A beautifully shaped long flower of large size. An excellent forcer and very effective in beds. Height 26 inches. 70c per doz.; \$4.50 per 100.

Centenaire. Rich violet-rose with large blue center; immense flower of perfect shape. Height 30 inches. 90c per doz.; \$8.00 per 100.

Clara Butt. A universal favorite. Clear, self-colored, salmon-pink. The finest and most popular Darwin of its class. Height 21 inches. 70c per doz.; \$4.50 per 100.

Dream. Beautiful soft lilac; very large flower on a tall stem. Height 26 inches. 80c per doz.; \$6.00 per 100.

Farncombe Sanders. Fiery, rose-scarlet with white center slightly shaded blue. Brilliant coloring, extremely large size, and most excellent form. Height 25 inches. 80c per doz.; \$6.00 per 100.

Glow. Glowing vermilion, with light base. Exceptionally fine for cutting. Height 23 inches. 80c per doz.; \$6.00 per 100.

Gretchen. (Margaret). Pale silvery rose, flushed white. Very delicate color. Height 24 inches. 70c per doz.; \$4.50 per 100.

King Harold. Deep rosy purple, with white base. A beautiful variety for the garden. Height 24 inches. 80c per doz.; \$4.50 per 100.

La Candeur. Lovely soft white, slightly tinted blush, anthers black. A beautiful, large, erect, globular flower. Height 24 inches. 70c per doz.; \$4.50 per 100.

La Tristesse. Pale slate blue with white base. A very desirable light color. Height 24 inches. 70c per doz.; \$4.50 per 100.

La Tulipe Noire. (The Black Tulip). Almost black, with a velvety sheen; very large and very beautiful. Height 26 inches. 70c per doz.; \$4.50 per 100.

Madame Krelage. Bright lilac-rose, margined pale silvery rose, inside soft rose-pink; very large flower of grand form. Height 28 inches. 80c per doz.; \$6.00 per 100.

Massachusetts. Vivid pink with white center; large flowers of splendid form and color. Height 26 inches. 80c per doz.; \$6.00 per 100.

Mrs. Potter Palmer. Bright purplish violet; fine, large flower. Height 28 inches. 80c per doz.; \$6.00 per 100.

Breeder Tulips

The Darwin's greatest rival. As tall and stately as that superb variety, and the most popular of all late Tulips today.

Their wonderful color combinations in harmonious blendings of purple and bronze, yellow and bronze, gray and lilac, old gold and maroon, and buff tones, justly reward the admiration of every flower lover. While they are late to bloom, they surpass the Darwins in size and brilliancy of color. The flowers are excellent for cutting, many of them are elegantly sweet scented. Same culture as the Darwin Tulips. 10 bulbs weight 1 lb. Prices net; postage extra.

Bronze Queen. Soft buff, inside tinged apricot. Especially recommended for pot-culture. 80c per doz.; \$6.00 per 100.

Cardinal Manning. A very interesting combination of dull wine-red changing to deep orange toward the extreme edges of the petals. 80c per doz.; \$6.00 per 100.

Feu Ardent. Mahogany-red of unusual brilliancy; very large cup-shaped flower. \$1.00 per doz.; \$9.00 per 100.

General Ney. Old gold with olive base. Excellent to use in combination with deep red or purple. 80c per doz.; \$6.00 per 100.

Grand Maitre. Deep violet-purple. Valuable for bedding. 90c per doz.; \$8.00 per 100.

Hamlet. Dark bronze bordered bronzy yellow. Very large and striking. 90c per doz.; \$8.00 per 100.

Gesneriana Aurantiaca. (Orange Globe). Brilliant orange-red; very large flower. 70c per doz.; \$4.50 per 100.

Gesneriana Lutea. Beautiful bright yellow, tall and handsome. 70c per doz.; \$4.50 per 100.

Inglescombe Pink. Soft salmon-pink. Large globular flower; one of the finest May-flowering Tulips. 70c per doz.; \$4.50 per 100.

Inglescombe Scarlet. Brilliant scarlet with black base. Same type as above. 70c per doz.; \$4.50 per 100.

Inglescombe Yellow. Often called "The Yellow Darwin"; large flower of perfect form; glossy canary-yellow, very charming. 70c per doz.; \$4.50 per 100.

Isabella (Shandon Bells; Blushing Bride). Creamy white, shaded carmine-rose. 70c per doz.; \$4.50 per 100.

La Merveille. Scarlet, flushed with orange-red. Large flower of exquisite form and beauty. Excellent for the border and splendid for vases. 70c per doz.; \$4.50 per 100.

Mrs. Moon. Golden yellow; petals slightly reflexed; large flower on a strong stem. One of the most beautiful of all Cottage Tulips. 75c per doz.; \$5.00 per 100.

Orange King. Glowing orange, shaded scarlet, yellow center and black anthers. Perfect globular form. 70c per doz.; \$4.50 per 100.

Cottage Tulips, Mrs. Moon.

Picotee (Maiden's Blush). Pure white, margined rose. A most elegant flower with gracefully recurved petals. 70c per doz.; \$4.50 per 100.

Primrose Beauty. Soft primrose changing to white. Of excellent form. 70c per doz.; \$4.50 per 100.

The Fawn. Large oval flower light greyish rose changing to soft rosy white. Very distinct in color and very graceful. 70c per doz.; \$4.50 per 100.

Sunset Mixture. 65c per doz.; \$4.00 per 100.

Single Early Tulips

An early flowering type well suited for beds or borders. Same cultural directions as for Darwin Tulips except the bulbs should be planted 5 inches apart each way and 5 inches deep (to the bottom of the bulb). Prices net; postage extra. 10 bulbs weigh 1 lb. All bulbs are the largest size imported from Holland.

Artus. Dark scarlet, with clear yellow center, large elegant flower. Height 12 inches. 75c per doz.; \$4.50 per 100.

Hyacinths

Hyacinths are among the most popular of spring-flowering bulbs, not only popular for outdoor culture but equally so for indoors. There is nothing more attractive than a well planted bed of good Hyacinths, their delicate colors and delightful fragrance lend an atmosphere of pride to any garden. Our first size bulbs are the first selection of the largest bulbs produced in Holland, suitable for indoor culture as well as in the garden.

For Indoor Culture. Use a pulverized soil mixed with well-rotted manure and a little sand; provide for drainage. One bulb requires about a 5-inch pot so proportionate space should be allowed when planting a number of bulbs. Plant the bulbs so that the top appears just above the surface of the soil, water thoroughly and place in a cool, dark but ventilated situation until the roots are well established, then bring to light. For succession of bloom make planting about two weeks apart, starting in October.

Outdoor Culture. Hyacinths grow in any good garden soil, but an application of well rotted manure or bonemeal induces more perfect growth and larger flower spikes. Set bulbs 6 inches apart each way and 6 inches deep (to bottom of bulb). Plant before ground is frozen. Hyacinths are

A Pleasing Border Planting of Hyacinths.

perfectly hardy, but a light covering of straw or leaves is very beneficial. 10 bulbs weigh 2 lbs. Prices net; postage extra.

Dutch Roman Hyacinths

The well known Dutch Roman or Miniature Hyacinths should find a place in every home as they are very easy to grow indoors and make a most dainty display. The flower spikes are slender, yet full of flower bells. A most satisfactory bedding type also but the bulbs being smaller should be planted close together, about 4 inches each way and 5 inches deep (to the bottom of the bulb).

Roi des Belges. Bright scarlet.
Gigantea. Blush-pink.
La Grandesse. Pure white.
Yellow Hammer. Golden yellow.
Queen of the Blues. Light blue.
King of the Blues. Dark blue.

Prices, 65c per doz.; \$3.85 per 100.

Selected Bedding Hyacinths

This type is not suitable for forcing but well adapted for bedding purposes as uniformity in color and height can be had by their use. All are single named varieties but of our own selection.

Red. — **Dark Blue.**

Narcissus Planting.

Narcissi or Daffodils

Narcissi are the most welcome of our early spring flowers, enriching the home gardens with a wealth of bloom soon after the snows have passed. With the exception of the Polyanthus type, they are all very hardy and do well in most any soil. Once planted they will increase and multiply, and flower well for years, making them very valuable for naturalizing. Plant the bulbs about 6 inches apart each way and 6 inches deep (to bottom of bulb). The Daffodils, especially the Large Trumpet and Double-flowering varieties, are easily grown in pots for winter blooming. 12 bulbs weigh 2 lbs.

Large Trumpet Varieties

Ard Righ. Perianth, full yellow; trumpet deep yellow, fine. 85c per doz.; \$6.00 per 100.

Dick (Bicolor). Beautiful white perianth, large refined yellow trumpet. Adapted for either forcing or out-door planting. 90c per doz.; \$6.50 per 100.

Emperor. Deep primrose perianth with large, golden yellow trumpet; one of the finest Daffodils for medium and late forcing and out-door culture. \$1.00 per doz.; \$7.00 per 100.

Empress (Bicolor). Bright yellow trumpet of large size with white perianth. A strong grower and free bloomer. Splendid for pots, bedding and naturalizing. 90c per doz.; \$6.50 per 100.

Glory of Leiden. Clear yellow, one of the largest of the large trumpet varieties. A fine exhibition sort and should be included in every collection. 90c per doz.; \$6.50 per 100.

Golden Spur. Pure golden yellow perianth and trumpet, very large size, one of the earliest of Daffodils; highly recommended for forcing, naturalizing and bedding. 90c per doz.; \$6.50 per 100.

Madame De Graaff. The largest and finest white Daffodil. Upon opening, the trumpet is a delicate primrose but soon passes to pure white. A most refined and delicate flower, well adapted for forcing, naturalizing or bedding. 85c per doz.; \$6.00 per 100.

Madame Plomp (Bicolor). A large erect flower with rich golden yellow trumpet and gracefully twisted pure white perianth. Very attractive and valuable for cutting. 85c per doz.; \$6.00 per 100.

Mrs. Walter T. Ware (Bicolor). A perfect shaped, very free and early blooming Daffodil with pure white perianth and a well expanded, beautifully recurved golden yellow trumpet. 85c per doz.; \$6.00 per 100.

Narcissus, Emperor.

LARGE TRUMPET VARIETIES—Continued.

Princeps (Bicolor). Golden yellow trumpet of good size; sulphur white perianth. Splendid for forcing and out-door planting. 80c per doz.; \$5.50 per 100.

Van Waveren's Giant (Bicolor). The largest of all Daffodils. Broad primrose perianth, with large bright orange-yellow trumpet. An immense flower on a tall stem; beautiful. \$2.75 per doz.; \$20.00 per 100.

Victoria (Bicolor). Trumpet, clear yellow, very large, beautifully ruffled and frilled at edges; perianth, creamy-white. A very bold and erect flower. 85c per doz.; \$6.00 per 100.

Willie Barr. A beautiful Trumpet Daffodil, with perianth clear soft yellow and trumpet rich deep yellow. A strong erect flower. 90c per doz.; \$6.50 per 100.

Medium Trumpet Varieties

A very interesting group, especially adapted for garden culture. The flowers are not so heavy as those of the Large Trumpet varieties but are produced in greater abundance. They furnish the finest flowers for cutting and lend themselves admirably to artistic arrangement in vases and bowls.

Conspicuous (Barrii). Broad, soft yellow perianth; short cup, edged orange-scarlet. A strong grower and durable cut flower variety. 75c per doz.; \$5.50 per 100.

Gloria Mundi (Incomparabilis). A grand flower with a clear yellow perianth and a broad well expanded orange-scarlet cup. 80c per doz.; \$6.00 per 100.

White Lady (Leedsii). An exquisite flower with a broad white perianth of perfect form, dainty cup, prettily crinkled, very chaste. 75c per doz.; \$5.50 per 100.

Mixed Trumpet Varieties. A splendid mixture of named varieties. 70c per doz.; \$4.50 per 100.

Double Narcissus

Orange Phoenix. Large double white flowers, rose-shaped, with rich reddish orange center. An ideal cut flower. 80c per doz.; \$6.00 per 100.

Alba Plena Odorata. (Double Poet's Narcissi or Gardenia Daffodil). Double pure white, very sweet-scented. This beautiful variety cannot be forced. It succeeds best when planted in rather heavy moist soil and in partial shade. 75c per doz.; \$5.50 per 100.

Von Sion. The famous Old Dutch Daffodil; flowers golden yellow. Valuable for grouping in beds or borders, also for forcing. 80c per doz.; \$6.00 per 100.

Short Cupped Varieties

Poet's and Poetaz Narcissi. These are the old-fashioned favorite types with white flowers daintily edged bright red. Equally desirable for forcing and out-door culture.

Poetaz Elvira. Broad white petals of great substance and a golden-yellow cup, edged bright orange-scarlet. Large flowers borne on tall graceful stems; delicately fragrant. 75c per doz.; \$5.50 per 100.

Poeticus Ornatus. An improvement on the well known Poeticus Narcissi. Perianth pure white, perfect shape; yellow cup, margined scarlet. 75c per doz.; \$5.50 per 100.

Mixed Short Cupped Varieties. Including a mixture of named varieties of *Incomparabilis*, *Poeticus*, *Burbidgii* and *Leedsii*. 65c per doz.; \$4.00 per 100.

Polyanthus Narcissi

The most desirable of all flowers for indoor culture; one of the easiest to grow and certain to bloom. Plant 5 or 6 bulbs in a bowl or pan half full of gravel and then fill with water. Successive plantings may be made that will produce flowers from December to the latter part of March. For a succession make plantings about two weeks apart. 12 bulbs weigh 2 lbs.

Paper-white Grandiflora. Pure white. The popular variety for early forcing. Largest size bulbs. 85c per doz.; \$6.00 per 100.

Soleil d'Or. Golden yellow, often called the Yellow Paper-white. Like the preceding, very popular. \$1.25 per doz.; \$9.00 per 100.

Paper White Grandiflora Narcissus.

Narcissus, Poeticus Ornatus.

Jonquils

These dainty fragrant miniature Daffodils should have a place in every garden. They are splendid for pot culture and being very hardy are fine for naturalizing.

Single Sweet Scented. The small yellow, sweet-scented Daffodil. 75c per doz.; \$5.00 per 100.

Crocus

The harbingers of spring, blooming almost as soon as the snow has disappeared. The varieties listed below are a great improvement over the old-fashioned types. They are very hardy, multiply rapidly and bloom for years, making them ideal for permanent plantings. Set bulbs 3 inches apart each way and 3 inches deep (to bottom of bulb). For indoor forcing, plant 12 to 14 bulbs in a 6- or 7-inch pan or bowl, using a good rich loamy soil. 50 bulbs weigh 1 lb.

Cloth of Gold. Dark brown striped, very early. 40c per doz.; \$3.00 per 100.

King of the Blues. Very large, deep purple. 35c per doz.; \$2.50 per 100.

King of the Whites. Pure white, very large. 35c per doz.; \$2.50 per 100.

Border of Peonies and Iris.

Peonies

Peonies, especially the modern introductions, are probably the most beloved of all perennial plants. Planted in sun or semi-shade, in single clumps or long beds, or bordering lawns, shrub rows, and carriage drives, they give a grand display of large, fragrant blossoms of brilliant colors during May. They are also most effective for home and table decorations and last longer in water than most perennials. Peonies may be planted in the fall or spring, but FALL planting has many advantages. Should be planted in the fall before ground becomes frozen. Avoid planting too deeply, as this is often the cause of the shy blooming; 2 or 3 inches of soil over the crown (eyes) is sufficient. D= Divisions, 3-5 eyes; M=Medium, 5-8 eyes; L= Large Clumps, 8 eyes and up.

Duchesse de Nemours. (See page 15.)

Alexander Dumas. Medium size, light violet rose crown. Creamy white collar of narrow petals. Fragrant. Early midseason. Good cut flower variety. D, 75c; M, \$1.00; L, \$1.50.

Monsieur Jules Elie.

Shasta Daisies.

Veronica longifolia.

Hibiscus—Mallow.

Rock's Hardy Perennial Plants

A garden of hardy perennials is a most important adjunct to the home.

Many kinds are up and in bloom before it is time to think about setting out annuals, and with a small border planting there is no time during the entire season but what one will find a wealth of bloom from some one or more kinds of these most popular plants.

We recommend either spring or fall planting but fall planting has many advantages, for example—when planted in September or October the plants adapt themselves to the new soil before the ground freezes, and also produce new roots; this alone affords not only more flowers, but earlier and in greater quantity. Rock's perennials are all strong field grown, transplanted stock, unexcelled for home garden planting.

Achillea - Milfoil, Yarrow

Millefolium Roseum (Rosy Milfoil). Finely cut deep green foliage, flowers pink in dense heads; 18 inches high and flowers all summer. 30c each; \$2.50 per doz.

Ptarmica fl. pl. "The Pearl." Pure white flowers borne in the greatest profusion the entire summer on strong erect stems, 2 feet high; as a summer cut flower it is of great value. 25c each; \$2.50 per doz.

Alyssum

Saxatile Compactum. "Basket of Gold." An indispensable plant for the rockery or border, growing one foot high, blooming in April and May; masses of broad, flat heads of bright yellow flowers. 30c each; \$3.00 per doz.

Perry's White. Very distinct, pure satiny-white, with a crimson-maroon blotch at the base of each petal. 35c each; \$3.50 per doz.
Gerald Perry. Apricot-pink, conspicuously blotched crimson. 50c each; \$5.00 per doz.
Goliath. Fiery scarlet, with deep blotch at the base of each petal. 35c each; \$3.50 per doz.

Pyrethrum

Large daisy-like flowers in brilliant colors, blooms all summer, excellent for cutting. Mixed colors, 30c each; \$3.00 per doz.

Rudbeckia - Coneflower

Newmannii. The perennial form of the "Black-eyed Susan." Deep orange yellow flowers, with a dark yellow cone; long wiry stems 3 feet high; blooms all summer. 25c each; \$2.50 per doz.
Purpurea (Giant Purple Coneflower). Peculiar reddish purple flowers, with a large, brown cone-shaped center. Blooms from July to October. 3 feet. 25c each; \$2.50 per doz.

Salvia - Meadow Sage

Azurea. A Rocky Mountain species. 3 to 4 feet high producing during August and September pretty sky blue flowers in the greatest profusion. 25c each; \$2.50 per doz.

PERENNIAL PLANTS—Continued

Saponaria

Caucasica. A hardy perennial sort with white flowers, produced in July and August. 2 feet, 20c each; \$2.00 per doz.

Sedum

Spectabile Brilliant. A new variety having flowers of a bright shade of deep crimson. 25c each; \$2.50 per doz.

Spirea

Meadow Sweet, or Goat's Beard

Filipendula. fl. pl. Numerous corymbs of double white flowers on stems 15 inches high during June and July, and pretty fern-like foliage. 35c each; \$3.50 per doz.

Statice - Great Sea Lavender

Latifolia. Large spreading panicles of light, graceful, deep blue flowers, much prized for winter decoration dried. 25c each; \$2.50 per doz.

Sweet William - Dianthus Barbatus

Mixed. A well known, attractive, free flowering hardy perennial, producing in early summer a splendid effect in beds and borders. Containing all colors. 20c each; \$2.00 per doz.

Tunica

Saxifraga. A pretty tufted plant with light pink flowers; produced all summer; useful either for the rockery or the border. 25c each; \$2.50 per doz.

Valeriana - Garden Heliotrope

Coccinea. Showy heads of reddish flowers; June to October; 2 feet. 25c each; \$2.50 per doz.

Spicata. Long spikes of bright blue flowers. 2 feet. July and August. 20c each; \$2.00 per doz.

Yucca - Adam's Needle

Filamentosa. Among hardy ornamental foliage and flowering plants this can be classed at the head of the list. Its broad, sword-like foliage and 5 to 6 feet tall, branched spikes of large fragrant, drooping, creamy-white flowers during June and July make it an effective plant for all positions. 30c each; \$2.50 per doz.

Ornamental and Flowering Shrubs

It is surprising what a difference can be made in the appearance and comfort of the home grounds by a judicious planting of trees, shrubs and plants. Cleaning up the home grounds and planting a few shade trees, with clumps of shrubs to give fragrance, bloom and bright colored foliage, with borders of hardy perennials that will furnish a wealth of bloom almost the entire season, is a continual source of pleasure to yourself as well as a delight to your neighbors and friends, or anyone who might view them.

Those that are interested in items other than are here listed are cordially invited to write for prices.

We recommend either Fall or Spring planting, but Oct. and Nov. planting has many advantages (See culture of perennial plants on page 16.)

Berberis - Barberry

Thunbergii (Japanese Barberry). A beautiful shrub at all seasons. Small foliage, coloring beautifully in autumn, and brilliant scarlet berries, remaining all winter. One of the most valuable hedge plants.

2 yr. (12 to 15 inch) 30c each; \$3.00 per doz.; \$20.00 per 100.

3 yr. (18 to 24 inch) 50c each; \$5.00 per doz.; \$35.00 per 100.

Cornus - Dogwood

Sibirica. (Red Twigged). Plants grow 6 to 10 feet high. Clusters of beautiful white flowers, succeeded in the fall by ornamental berries. Stems and branches turning blood red in the winter.

2 to 3 feet, 50c each; \$5.00 per doz.

3 to 4 feet, 60c each; \$6.00 per doz.

Aurea (Golden Twigged Osier). 5 to 8 feet at maturity. A distinct and attractive type with golden yellow bark. Exceedingly effective if planted in masses with the red bark varieties. Perfectly hardy and extra bushy.

2 to 3 feet, 60c each; \$6.00 per doz.

3 to 4 feet, 75c each; \$7.50 per doz.

Deutzia

The showy flowers and ease of culture make the Deutzia extremely popular for the shrub border. It will grow in almost any well-drained soil. They are frequently used in combination with Philadelphus, Spirea, and Forsythia for mass planting.

Gracilis. A neat, dense little bush, rarely over 2 feet high, that blooms in May, wreathing its drooping branches with pure white flowers. Equally valuable for shrubberies and forcing. 1 foot extra bushy, 60c each; \$6.00 per doz.

Pride of Rochester. Grows 6 to 8 feet tall. A showy, early and large-flowering sort that blooms in May before the others. The white flowers are large and double. Excellent as a specimen, and equally good for mass planting. 2 to 3 feet. 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Deutzia, Pride of Rochester.

HARDY SHRUBS—Continued.

Eleagnus

Angustifolia (Russian Olive). A large shrub with silvery branches, light green foliage above and silvery white beneath, producing yellow flowers within an outer shell of silvery white. Very fragrant. 3 to 4 feet, 40c each; \$1.00 per doz. 4 to 5 feet, 50c each; \$5.00 per doz.

Forsythia - Golden Bell

The masses of bright flowers coming into bloom the first warm days of spring are one of the most striking features of the landscape. Of upright growth and graceful form.

Fortunei. (Fortune's Golden-Bell). Grows 8 to 10 feet tall. Vigorous, upright-growing shrub, with arching branches; flowers golden-yellow with twisted petals. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Intermedia (Hybrid Golden-Bell). Grows about 8 feet tall, with slender arching branches; leaves dark green and glossy; a great profusion of golden yellow flowers. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Suspensa (Weeping Golden-Bell). Medium sized shrub about 8 feet in height at maturity, with long, slender, drooping branches; blooms with great profusion of golden yellow flowers. 2 to 3 feet, 40c each; \$4.00 per doz.

Viridissima. Grows 6 to 8 feet tall. Erect medium-sized shrub with green-barked branches; flowers golden yellow with reflexed, often twisted petals. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 50c each; \$5.00 per doz.

Hydrangea

Highly ornamental shrubs that are generous with their large panicles of showy flowers. Well adapted for borders or shrubberies and unexcelled for foundation plantings. A partially shaded and moist location is the best suited for Hydrangea.

Arborescens Grandiflora. (Snowball Hydrangea). Grows 4 to 5 feet tall, medium sized, with bright green foliage and creamy white flowers in flat-topped clusters in early summer. 2 yr., 75c each; \$7.50 per doz. 3 yr. extra bushy, \$1.00 each; \$10.00 per doz.

Paniculata Grandiflora. Grows 6 to 8 feet tall. The best known and probably the most popular shrub in cultivation. Immense panicles of snow white flowers in August, turning to rose-color in the autumn. 2 yr., 75c each; \$7.50 per doz. 3 yr. extra bushy, \$1.00 each; \$10.00 per doz.

Tree Form, Paniculata Grandiflora. 9 to 12 feet in height at maturity. Same as the former but grown in tree form. Most valuable for specimen planting because of its height and form of growth. 2 to 2½ feet clear stem, \$1.25 each; \$12.50 per doz.

Ligustrum - Privet

Hardy, vigorous shrubs commonly used for hedges and screens but having merit for planting with other shrubbery by reason of the beauty of the flowers appearing in June and July and their succeeding berries. They thrive in almost any fertile soil and stand clipping admirably.

Amurensis. (Amoor Privet North). Grows 8 to 12 feet high. Exceedingly hardy, with dark green leaves somewhat smaller than the well known California type, but of a more branching habit. Excellent for formal hedges. 1½ to 2 feet, 30c each; \$3.00 per doz.; \$20.00 per 100. 2 to 3 feet, (extra bushy), 35c each; \$3.50 per doz.; \$25.00 per 100. 3 to 4 feet, (extra bushy), 45c each; \$4.50 per doz.; \$30.00 per 100.

Amurensis (Amoor Privet South). The most popular and valuable hedge for the South. Very compact and well adapted for general planting. 2 to 2½ feet, 25c each; \$2.50 per doz.; \$15.00 per 100. 4 to 5 feet, extra bushy, 35c each; \$3.50 per doz.; \$25.00 per 100.

Hydrangea Paniculata Grandiflora.

Ibota. A valuable hardy Privet for the western states. Splendid for either hedges or single specimens. Leaves long and shiny and of grayish green color. 1½ feet, 25c each; \$2.50 per doz.; \$18.00 per 100. 2 to 3 feet, 35c each, \$3.50 per doz.; \$25.00 per 100.

Ball Shaped Ibota. Trimmed into ball shaped plants resembling very much the ball type Boxwood. Excellent for vases, urns or specimens on the lawn. Perfectly hardy.

Regelianum. (Regel's Privet). Branches dense and gracefully drooping, giving a distinctly attractive appearance. In autumn the foliage turns dark red. The plants are strong growers and are useful for hedge planting. 1½ to 2 feet, 30c each; \$3.00 per doz.; \$20.00 per 100.

Ovalifolium (California Privet). A well known and popular species of unusual beauty. For hedges, groups, and specimens it is invaluable. 1½ to 2 feet, 15c each; \$1.50 per doz.; \$10.00 per 100. 2 to 3 feet, extra bushy, 20c each; \$1.80 per doz.; \$12.00 per 100.

Lonicera - Bush Honeysuckle

Wonderfully fragrant flowers bedeck the Honeysuckles in early spring, and a planting of them near the living porch gives added pleasure to the gathering there of the family group on warm spring evenings.

Bella albida. (Bella Honeysuckle). Grows from 6 to 8 feet tall. A handsome hybrid of strong growth. White flowers are borne in great clusters, followed by attractive ropes of red berries which remain all summer. 2 to 3 feet, 40c each; \$4.00 per doz.

Fragrantissima. (Early Fragrant Honeysuckle). Medium-sized with many spreading branches; leaves bright green, long-persistent, rarely falling before mid-winter; flowers creamy white or light yellow in May and June. 2 to 3 feet, 40c each; \$4.00 per doz.

Morrowii (Japanese Bush Honeysuckle). Grows from 4 to 6 feet high. A strong vigorous growing type of spreading habit. Producing pure white flowers in May and June followed by brilliant red berries. 2 to 3 feet, 40c each; \$4.00 per doz.

Ruprechtiana (Manchurian Honeysuckle). Grows 8 to 10 feet tall. A very showy variety, flowers pure white, changing to yellow. Followed by red berries. 2 to 3 feet, 40c each; \$4.00 per doz.

Tatarica alba. Grows 6 to 8 feet tall. Very large pure white flowers of beautiful upright habit. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Tatarica rosea. Grows 6 to 8 feet tall. Very beautiful, large bright red flowers striped with white in June. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

HARDY SHRUBS—Continued.

Lilac - True Syringa

Lilacs are decidedly most effective when planted in groups. They produce an abundance of showy flowers in spring and early summer. During the last few years many new varieties have been introduced including new colors and larger flowers. **Persian Purple.** Grows 6 to 8 feet tall. Small glossy leaves that do not mildew. Sweet scented flowers. 2 to 3 feet, 60c each; \$6.00 per doz. 3 to 4 feet, 75c each; \$7.50 per doz.

Vulgaris Purple. (Common Lilac). Grows 12 to 15 feet tall. Bluish purple flowers. A standard variety. Always good. 1½ to 2 feet, 40c each; \$4.00 per doz. 2 to 3 feet, 50c each; \$5.00 per doz.

NAMED FRENCH LILACS

Charles X. Grows 6 to 8 feet tall. Strong rapid growing, with large shining leaves; trusses large, of a reddish purple color. 2 to 3 feet, \$1.00 each; \$10.00 per doz.

Marie LeGraye. Grows 6 to 8 feet in height. Large panicles of white flowers. Valuable for forcing. The finest white Lilac. 2 to 3 feet, \$1.00 each; \$10.00 per doz.

Michael Buchner. Grows 6 to 8 feet. Double flowers of pale Lilac color. 2 to 3 feet, \$1.00 each; \$10.00 per doz.

Mad. Lemoine. Grows 6 to 8 feet tall. Double pure white flowers, borne in large clusters. Strong bushes. 2 to 3 feet, \$1.00 each; \$10.00 per doz.

Alphonse Laval. A variety bearing beautiful double flowers of a rare blue color. Grows 6 to 8 feet in height. 2 to 3 feet, \$1.00 each; \$10.00 per doz.

President Grevy. Grows 6 to 8 feet tall. Flowers double, large handsome blue trusses. 2 to 3 feet, \$1.00 each; \$10.00 per doz.

Souvenir de Ludwig Spaeth. Grows 6 to 8 feet. A distinct and most beautiful variety having immense trusses of deep purplish-red. 2 to 3 feet, \$1.00 each; \$10.00 per doz.

Philadelphus - Syringa or Mock Orange

A showy family of shrubs that adds beauty, grace and perfume to our gardens. The flowers appear in late May or June. If the plant needs pruning, do it after blooming-time as the flowers appear on wood formed the previous year.

Ligustrum amurense - Amoor Privet.

Coronarius. (Garland Syringa). One of the earliest to bloom. Growing from 8 to 10 feet tall, bearing large white flowers which are delightfully scented. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Grandiflorus. (Large Flowered Syringa). Grows about 10 feet tall. One of the most popular shrubs grown. Flowers pure white and very large. Blooms in June. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Rhus - Sumac

Very attractive shrubs and small trees make up this family, a family that is highly prized in landscape work on account of the brilliant autumnal colors of its foliage. The showy clusters of berries likewise add to its value in the shrubbery planting. Any soil that is well drained is suitable for the Sumacs.

Glabra. (Smooth Sumac). Grows from 10 to 15 feet tall. Flowers are borne in large panicles at ends of the branches and are followed by the crimson clusters of fruits which last all winter. Excellent for mass plantings. 2 to 3 feet, 40c each; \$4.00 per doz.

Typhina laciniata. Attains a height of about 20 feet. A tall showy variety with fern-like leaves and hairy stems; magnificent leaf-coloring in autumn; brilliant scarlet, crimson, and purple. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 50c each; \$5.00 per doz.

Sambucus - Elder

Familiar vigorous, hardy shrubs that are a dominant note in the planting of which they are a part. The pleasing foliage, of various shades of green, forms a fitting background for the large, flat-topped clusters of flowers and the succeeding showy berries.

Nigra Aurea (Golden leaved). Grows 6 to 8 feet tall. Very desirable for its golden foliage. Effective when planted in shrub beds. 2 to 3 feet, 50c each; \$5.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Nigra laciniata. (Cut-leaved Elder). Grows 5 to 6 feet tall. The leaves of this variety are fern-like in formation, and the shrub is of half-drooping habit. One of the finest in cultivation, being especially effective in masses. 3 to 4 feet, 60c each; \$6.00 per doz.

Racemosa. Grows 8 to 12 feet tall. Beautifully cut and drooping leaves give this a graceful aspect; the racemes of white flowers are followed by showy red fruit. 2 to 3 feet, 50c each; \$5.00 per doz.

Philadelphus—Mock Orange.

TO OUR PATRONS:

Endeavoring to be of the utmost service to our clients in the creation and planning of proper landscape effects, we now offer you the services of our landscape department.

All the more complex problems will be submitted to an artist in this line whose reputation and experience precluded the possibility of our employing him in our department. This gentleman is Mr. A. Pharo Gagge, Landscape Architect, who is Kansas City's most recent acquisition from the East.

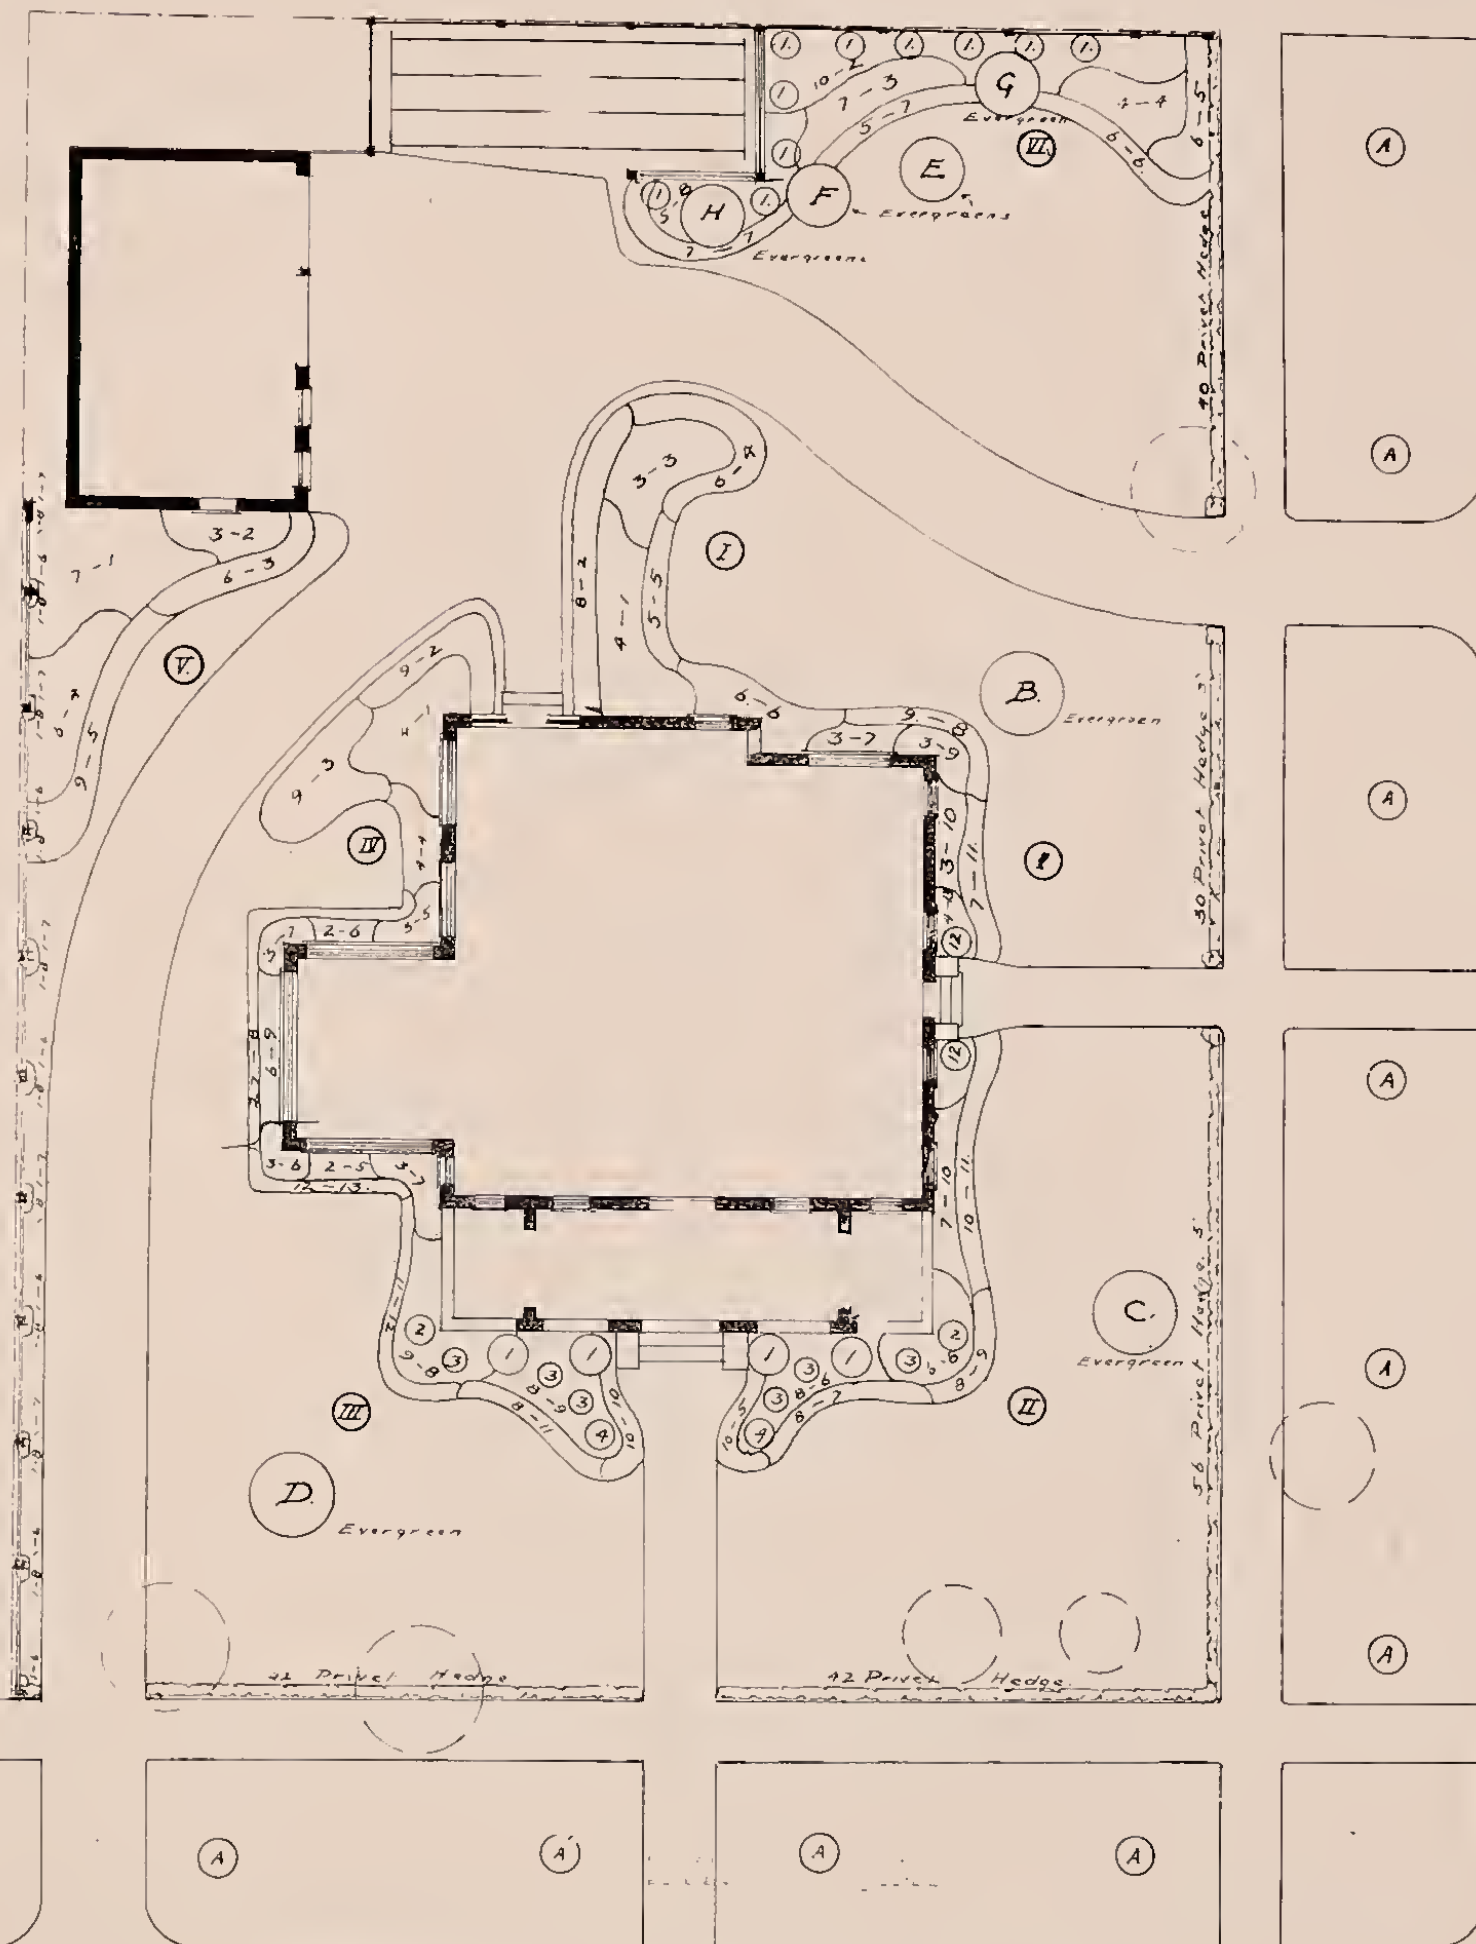

We hope our friends will take advantage of this opportunity. Now is the time to make plans in order to be ready for the fall planting, which yields such splendid results.

HARDY SHRUBS—Continued.

Salix - Willow

Discolor (Pussy Willow). A small tree with upright branches. Catkins appearing in early spring before the leaves appear. Very handsome in flower and greatly esteemed. 3 to 4 feet, 35c each; \$3.50 per doz. 4 to 5 feet, 50c each; \$5.00 per doz. 5 to 6 feet, 75c each; \$7.50 per doz.

Spirea

Showy, free-flowering shrubs that offer a wide range of choice as to form and color as well as of blooming time. Hardy and of easy culture, preferring sunny exposures and moist fertile soils.

Anthony Waterer. Perpetual blooming Red Spirea. Dwarf, bushy, spreading in habit with large corymbs brilliantly colored in rosy crimson. Sufficiently dwarf to be used in foundation plantings. 1½ feet, extra bushy, 75c each; \$7.50 per doz.

Arguta Multiflora. (Snow Garland). A slender upright shrub growing 3 to 5 feet high and bearing branches covered with masses of snow white flowers in early May. 1½ to 2 feet, extra bushy, 60c each; \$6.00 per doz.

Billiardii. An excellent subject for planting in masses, and makes a good cut flower. Blooms profusely from July to October. Dense panicles of rich pink flowers. 2 to 3 feet, 40c each; \$4.00 per doz.

Billiardii alba. Similar to above except color of flowers being pure white. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 50c each; \$5.00 per doz.

Callosa rubra. Dwarf; bluish green leaves, purple at first; deep rose colored flowers in abundance from June to October. 12 to 15 inches, extra bushy, 40c each; \$4.00 per doz.

Callosa alba. (White Spirea). Grows 3 to 4 feet tall. A form of the above with pretty white flowers that are in bloom the greater part of the summer. 1½ feet, extra bushy, 60c each; \$6.00 per doz.

Opulifolia (Nine Bark). A tall shrub with spreading branches growing about 8 to 10 feet high. White flowers in early summer, disposed in numerous clusters. Especially valuable for shady places. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz. 4 to 5 feet, 75c each; \$7.50 per doz.

Spirea Van Houttei.

Opulifolia aurea. (Golden-leaved Nine Bark). Grows about 8 feet tall. Golden yellow-tinted foliage, and white flowers in June. Very conspicuous. 2 to 3 feet, 40c each; \$4.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Van Houttei (Bridal Wreath). Grows 5 to 6 feet tall. This is without a doubt the most beautiful and useful of all shrubs. Always effective if planted singly or in groups on the lawn, in front of the porch, in shrub borders or in a hedge. Handsome throughout the entire year. 1½ to 2 feet, 35c each; \$3.50 per doz. 2 to 3 feet, 50c each; \$5.00 per doz. 3 to 4 feet, 65c each; \$6.50 per doz. 4 to 5 feet, 75c each; \$7.50 per doz.

Symphoricarpos

Racemosus (Snowberry). A graceful shrub, 3 to 5 feet tall, with slender branches. Flowers white or pinkish, in loose racemes in summer. 2 to 3 feet, 40c each; \$4.00 per doz.

Vulgaris (Coral-Berry or Indian Currant). A grand shrub producing a wealth of red or purplish berries which remain on the branches all winter. Leaves ovate, bright green. 2 to 3 feet, 40c each; \$4.00 per doz.

Viburnum - Snowball

A showy group of shrubs ranging 6 to 10 feet in height, blooming lavishly in Spring, and vividly brightening the Autumn aspect with gleaming fruits and richly colored foliage.

Opulus. (High Bush Cranberry.) A very ornamental large sized shrub which grows 8 to 10 feet tall with flowers and conspicuous red berries resembling cranberries, which remain until destroyed by late frosts. 2 to 3 feet, 40c each; \$4.00 per doz.

Opulus Sterilis. (The Common Snowball). Grows 6 to 8 feet tall. An old favorite in every garden. Large balls of white flowers. Very attractive. 2 to 3 feet, 40c each; \$4.00 per doz.

Weigela - Diervilla

Spreading, free-flowering shrubs that are remarkably hardy. They are among the showiest of our garden ornamentals. Thrive best in moist loamy soil.

Amabilis. Grows 6 to 8 feet tall. Strong erect, gradually spreading and drooping into the most graceful shape; they follow the Lilacs in bloom, producing large, pink, trumpet-shaped flowers. 3 to 4 feet, 60c each; \$6.00 per doz.

Rosea. Grows 4 to 6 feet tall. A very popular sort among the Weigelas. Tall-growing and very vigorous, with deep pink flowers in the greatest abundance during June and at intervals throughout the summer. 2 to 3 feet, 50c each; \$5.00 per doz. 3 to 4 feet, 60c each; \$6.00 per doz.

Weigela.
